EXTRA CARE HELPS MAHADEB

Mahadeb Paramanik is a student of upper Nursery at the Centre of HOPE-Kolkata. His father is a rickshaw puller who earns around INR 60 (1 GBP) every day to feed his family of five members. Mahadeb's father had the desire that his son needs to get education so as not to suffer like him. He tried in many schools but his request was turned down. Then he came to know about our school. Mahadeb was instantly taken in. In the beginning, he was a slow to understand but the teachers showed extra care, helping him to grown in his confidence and aptitude. He and his family are very grateful to the school that is providing quality education.

I WANT TO FLY PLANES!

Piyali Chowdhury is a student of the Kindergarten from the Kolkata Centre of HOPE. Her father is the only breadwinner of the family of six members. Most often, he does not have work and those times are the most trying for the family. Despite these difficult times, Piyali is a brilliant student. Seeing her perform so well the HOPE worldwide teachers are also inspired in contributing to make her dream come true, which is to be a Pilot one day.

COMPUTER TRAINING CENTRE

FROM FARMING TO COMPUTERS

Rajni Das comes from a farming background. As farming in her village is completely depended on seasonal rains, her family ends up living on the mercy of the latter. Instead of continuing in the family tradition of farming, Rajni and her brother decided to venture into a field which was new and challenging for them. She enrolled herself in our computer centre. Since her coming to the institute she has grown in leaps and bound and became the highest scorer in the recently conducted examination. Their struggles are far from over, but she is grateful that such an opportunity was provided to her through the HOPE worldwide computer centre.

Annual Day Function 2009

The Annual Day function organized by the school was very special for all the students and their parents. Kids in their colorful attire looked transformed. Parents looked proud when they saw their children perform with confidence. Many of the parents themselves have never done that and seen their children dance and sing. They were very grateful to the HOPE worldwide teachers for making this possible.
