## Young Gun...

Geetu is 17 years old and is happy that she is able to learn computers at computer training center run by HOPE worldwide. She wanted to study further but due to poor financial situation at home she decided to work and finance her own studies. Without computer knowledge the chances of getting a good job were slim. Many computer institutes were expensive. It was then that she came to know about our centre and got enrolled. She is a bright student and very grateful that HOPE worldwide gave her the opportunity to learn.

## Hard Working...

Archana had to leave her dreams of studying after her high school as her parents could not afford to support her studies. Today she is a married woman with a two-year-old kid. She also works as a gas station attendant. She always desired to have a computer operator's job. But the fees of computer courses at different institutes were out of her budget. She came to know about our computer training center of HOPE worldwide and enrolled herself. She continues to work and comes to learn after her working hours. She is excited at this opportunity provided and hopes to better her job situation.

## Ambitious...

Lata Kumari, 40 years, is mother of two teenage sons. She works as an Insurance agent. But her income was not enough. She knew that to earn more she needs to further herself in her career. And for that computer knowledge was essential. But she was not able to find any affordable computer institutes. Then she found about HOPE worldwide's computer center. Today she has successfully completed her course. And she is very grateful to HOPE worldwide for providing her with the skills to grow her income.

## Persevering...

Athira Soman, 20 years, is studying in a technical institute. Her economical background is not good as her father earns little as a driver and mom sells knick-knacks on the streets. She needed to acquire the computer skills to have better options for a good job. She is happy at the training she is getting at our computer center of HOPE worldwide. She has brought two of her friends also.

## Resilient...

Shrikanti is 24 years old graduate of Kerala University. After the completion of her studies she tried looking for a job. But without any computer knowledge, she was getting rejected in job interviews. She felt hopeless. Her father held no job and mother was a house wife. She being the eldest in the family felt the responsibility to bring income to meet family needs. She started to work as a tailor but it caused her more unhappiness. When she joined computer training center of HOPE worldwide she got back her lost confidence and looks forward to a bright future.
